

MAISON DEUX FLEURS

SAINT VERAN

PRESENTATION

Maison Deux Fleurs is not only a brand written on labels. Beyond that it's regions, soils, meetings and shared pleasures. Over the years, contacts were developed with Burgundy winemakers, a relationship of trust and mutual respect, thanks to a same shared vision of wine.

That's why, each winemaker, each soil, each bottle, signed Maison Deux Fleurs has its own story. Hopefully, this story will be told to you through the wines.

TASTING NOTES

This Saint Veran is a dry and round wine, full of minerality. Its smoothness and its acidity complete each other in a fresh and harmonious structure.

This Saint Veran can perfectly accompany a poultry with cream, a blanquette of veal or some scallops.
